JANESVILLE, FRIDAY, FEBR RY 14.

Justice has won a noble victory in the confirmation of General Morgan as commissioner of Indian effairs. There was a strong effort made by the Catholic church to defeat him, chiefly on the ground that as between the Catholic schools among the Indian and the goverrment school, he preferred the latter. But General Morgan had been so fair Edministration of the

educationel affairs of the Indiane, that all the charges made against him by the Catholic church were overshelmingly tsined. To have defeated him in the senate would have been a blow at the public school system, and that is what the opponents of General Morgan wanted for themselves and and in the manner to accomplish. The readers of the Gezette will re-

printed the official statement as to what the government for the maintenance of Oatholies, and the amount was seventenths of the total appropriation. Catholicity among the Indiane, a statement which is preporterous, and in no that it is its duty educate the young Irdiane, then it should educate them en the public school sy 'em, and abandon the contract plan altegether. This would put a stop to the jealousies that now exist among the denominations having in charge the sectorian schools.

The vote on the confirmation stood 28 to 16. Of the 28 affirmative votes 5 were except Blodgett, of New Jersey. Only two republicans-Plumb and Ingelis of Ksnsas-voted against Morgan.

A Deadly Package Received in His Mail -A Boy Murders His Mother-The Criminal Record.

PHILADEPHIA, Pa., Feb. 14 .- The postman this morning delivered to John M. McBride a package postmarked Philadelphia. On opening it the recipient was alarmed at discovering that the paste-board box with a sliding cover contained in the package was filled with explosives. The box contained three compartments and the middle one was filled with gun cotton. The other two were filled with gunpowder, there being fully a pound of that explosive in the two compartments. Out of each lot of powder a blue-headed match was standing and upon the sliding cover a long strip of emery-paper had been carefully pasted. A hasty examination of the machine showed that the only thing that prevented an explosion was the fact that the maker had either neglected to set the match-heads high enough to touch the emery-paper or they had slipped down in the rough handling the package received in passing through the postoffice. tartling Story Expected to Come Out

BALTIMORE, Md., Feb. 14 - The trial of Kunigunda Betz, who murdered Margaret Schneider, an old German woman, in January, 1889, began at Towsen, Baltimore county, yesterday, and promises to be very sensational. Two women lived alone on Fifth street, the most fashionable part of the city, in an elegantly furnished house. There is a mystery surrounding the place from the fact that it was visited by fashionable young gentlemen and ladies, but the efforts of the police to solve it failed. During the trial yesterday Police Marshal Frey produced a book which will tell a startling story, as it contains names of many ladies and gentlemen who stand high in social life. It had evidently been kept as a register.

WASHINGTON, Feb. 14. -- In the House the Democrats objected as usual to the approval of the journal, a roll-call was had, the Democrats refrained from voting, the Speaker counted a quorum and declared the journal approved by a vote of yeas, 141; nays 1 (Mr. Buckalew.) On motion of Mr. Hitt of Illinois the Senate joint resolution was passed unanimously congratulating the people of the United States of Brazil on the adoption of a republican form of government.

The consideration of the code of rules

was then proceeded with. Mr. Crisp moved to amend the posed rule which authorizes the Speaker not to recognize dilatory motions by adding the words, "A demand for the yeas and nays shall not be considered dilatory." He argued that the constitution streets in the vicinity of the fire, and a crushing, strnggling, and anxious crowd gave the right to demand the yeas and of people, who stopped on their way to work, gave Capt. #### TWO MISTAKES.

When John Brent sailed away from home it was with the understanding that as soon as Jenny Brown and he had gathered \$1,000 together, they would be married. He knew that he left her in good hands, for Miss Brown, her adopted mother, was kindness itself.

On the trip home a strange accident happened. He rescued a young a girl the animal. Make the stalls snug and from a Malay pova and feil, as he believed, desperately in love with her.

At this time he thought it was only ed loose in the stall a few days prior right to let Jenny know of his change to parturition, and kept there till of sentiment. Despairing of a cure from physicians, I began to use the Cuticura Remedies, and I am happy to say, with the most perfect success. His hair is now splendid, and there is not a pimple on him. I recommend the Cuticura Remedies to mothers as the most speedy, economical and sure cure for all skin diseases of infants and children, and feel that every mother who has an afflicted child will thank me for so doing.
